

patient safety culture theory pdf

As part of its goal to support a culture of patient safety and quality improvement in the Nation's health care system, the Agency for Healthcare Research and Quality (AHRQ) sponsored the development of patient safety culture assessment tools for hospitals, nursing homes, ambulatory outpatient medical offices, community pharmacies, and ...

Quality and Patient Safety | Agency for Healthcare

The use of effective communication among patients and healthcare professionals is critical for achieving a patient's optimal health outcome. However, according to the Canadian Patient Safety Institute, ineffective communication has the opposite effect as it can lead to patient harm. Communication with regards to patient safety can be classified ...
