about the role and purpose of research design. We need to understand what research design is and what it is not. We need to know where design fits into the whole research process from framing a question to finally analysing and reporting data. This is the purpose of this chapter. Description and explanation Social researchers ask two fundamental types of research questions:

Introduction to quantitative research 1.1. What is quantitative research? Research methods in education (and the other social sciences) are often divided into two main types: quantitative and qualitative methods. This book will discuss one of these two main strands: “quantitative methods”, and what distinguishes quantitative from qualitative methods. When you think of quantitative methods ...
