### **Room 40: British naval intelligence 1914-18 | University**

The naval order of 24 October 1918 was a plan made by the German Admiralty at the end of World War I to

provoke a decisive battle between the German High Seas Fleet and the British Grand Fleet in the southern North Sea.

### **Naval order of 24 October 1918 - Wikipedia**

When UK Signals Intelligence began in 1914, the world was a very different place. Read about the dilemma of the Zimmermann telegram, Signals Intelligence trailblazer William Green Swanborough, the intelligence officer and the movie star, and the capture of a spy in Rome in 1945.

### **The story of Signals Intelligence 1914-2014 | GCHQ Site**

Room 40 was the Admiralty's secret intelligence-gathering and -processing department that provided vital intelligence to the British military commands and their allies during the First World War.

### **WW1: First World War technology: Room 40 secret**

Patrick Beesly, a well known historian of British naval intelligence, supports most of Simpson's charges in his "Room 40." As we approach the actual sinking of LUSITANIA, a map might be helpful in visualizing the movements of the liner and her attacker: Based on the map in Simpson's Lusitania. What we have is the southern coast of Ireland, running roughly WSW-ENE. Fastnet is a rock off the ...
