Students no longer have anything to fear: The Complete Idiot's Guide to Calculus, Second Edition, is here. Like its predecessor, it was created with an audience of students working toward a non-science related degree in mind. A non-intimidating, easy-to-understand textbook companion, this new edition has more explanatory graphs and illustrations and double the number of practice problems. First edition of this book has sold more copies than any of the other 70+ books on the subject ...
