If a work within the scope of Darwin Online is not listed here it is either in progress, a copy of the work has yet to be acquired (you can help by sending us one) or reproduction permission could not be obtained.

### **Darwin Online: Darwin's Publications**

This article covers the time period from November 1859 to April 1861. The immediate reactions to *On the Origin of Species*, the book in which Charles Darwin described evolution by natural selection, included international debate, though the heat of controversy was less than that over earlier works such as *Vestiges of Creation*.

Approaches. One can sub-divide approaches to the origin of language according to some underlying assumptions: "Continuity theories" built on the idea that language exhibits so much complexity that one cannot imagine it simply appearing from nothing in its final form; therefore it must have evolved from earlier pre-linguistic systems among our ...
