

ux for lean startups pdf

Scope Canvas is a free tool made as a backbone and starting point of our UX and Service Design projects. Join the dozens of startups, corporations and non-profits that use it to align their teams and create better products and services.

Scope Canvas - Kickstarting Lean UX

Lean startup is a methodology for developing businesses and products, which aims to shorten product development cycles and rapidly discover if a proposed business model is viable; this is achieved by adopting a combination of business-hypothesis-driven experimentation, iterative product releases, and validated learning.

Lean startup - Wikipedia

We decreased lost revenue and expenses on non-productive wells used in complex geological analysis. Frumatic teams created and developed a scientific approach exploiting future wells, based on property approximation, historical information and empirical data from relevant sister sites.

Frumatic - Sharp-witted engineering company : Frumatic

by William Mougayar Venture advisor, 4x entrepreneur, marketer & strategist. I live in Toronto, curate a lot, blog a bit, and help startups.
